Subject: The No Coal Campaign Needs Your Help Now
The day of reckoning is finally coming to the City of Oakland. And the day when we finally have to send out our first fundraising letter has arrived too.

On Monday, June 27, the Oakland City Council will hold its long-delayed vote on an ordinance regarding coal exports. We don’t know if they will be voting on a total ban or dubious regulations that will protect neither the community nor the planet.

For nearly a year, No Coal in Oakland has run a vigorous campaign on a shoestring budget with enormous contributions of volunteer energy. But we now we have to kick into high gear.

**The City Council needs to hear loud and clear that the people of Oakland won’t settle for any compromises.**
We are planning a huge and lively demonstration on Saturday, June 25, to send a strong message of popular support for a ban and nothing less. We hope you can join us at 1 pm at City Hall Plaza.

**We need your help to put on this rally:** posters, banners, permits, porta-potties, bicycle-powered sound, and union printing of our outreach flyers all cost money -- money we don't yet have.

---

**Help fund the June 25 rally to let Oakland's elected officials know that the community wants NO COAL, NO COMPROMISE!**

[DONATE]

Please join us and help pay for the demonstration. To donate online just click on the green DONATE button.
above. Or write a check to No Coal in Oakland; email us at NoCoalinOakland@gmail.org for the mailing address.

Thank you very much for your support.
