Subject: No Coal - Saturday June 25 Rally on Eve of Council Vote
OAKLAND COMMUNITY RALLY
NO COAL – NO COMPROMISE
Saturday, June 25, 2016 1–4 pm
City Hall/Oscar Grant Plaza
Come join us for a lively rally to show our City Council that the people of Oakland
want them to ban coal storage and handling in Oakland. The City Council will finally vote on the ban at a special meeting on Monday, June 27 at 5 pm.

Show the City Council that we will unite behind them if they have the courage to block the developer’s plan to ship up to 10 million tons of coal through Oakland each year.

Some of the City Council members have not yet made up their minds. Your presence at the rally on Saturday will make a difference in persuading wavering City Council members to be strong in the face of the developer's threats of a lawsuit.
Here are some of the community leaders and artists who will be on hand:
